RELIEF & REBUILDING IN SOUTHERN LEYTE

ACTION PHILIPPINES

June 30, 2006

Special points of Interest:

On the 10th of May we conducted a Medical Mission Outreach for those in the evacuation centers. We were able to serve over 200 people including 85% children. One of the main problems we were seeing was what they call score eyes here similar to pink eye there in the States. Eye drops, vitamins, antibiotics, ointments and other medicines were distributed. There were 3 Doctors including one Pediatrician all willing for the Lord to use them again in the future.

- ☺ Relief work & rebuilding Southern Leyte
- ☺ Skills training for livelihood of graduates
- ☺ Praise & Thanks
- ☺ New opportunities through local Government involvement

Physicians hard at work for the Lord

Transportation is still limited in this province and sometime it's a true blessing to have a motorcycle even if it rains which is everyday. Boat travel is the way to arrive in Liloan and drive about 1 hour to St. Bernard. There is also a boat directly to St. Bernard once a week.

Friends make the journey more fun & work light.

Hammocks make the sleep much better on the boat.

Praise the Lord that the rebuilding and relocation of families has begun in 5 of the 7 Barangays which were affected by the slide. About 100 families transferred into homes the end of May to first part of June.

Christ For Asia

An educational tour of the local Philippine Air Force Base was a great opportunity for children to see a different side of the military and learn a little more of history. It also provided hope for some who thought about their futures and the possibilities the Armed Forces of the Philippines offers them

I want to be a helicopter pilot when I grow up!!

Sarap!! Good!!
How fun it is to Buddle

The jungle survival that the 5052nd Search & Rescue Squadron of the Philippine Air Forces offers to high school age children help prepare them for possible daily skills and possible job opportunities both civilian or in the military. The training consisted of swimming and water rescue skills, ropemanship and knot tying, rock climbing and repelling, map reading and trailing, and of course cooking in the jungle has its own challenges. Learning how to survive in the jungle has its

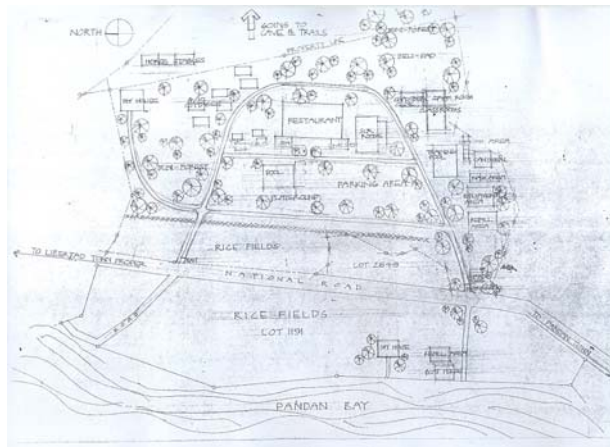

challenges and benefits as well. Sometimes you never know when you need a compass to direct you in your journey. It was a great way to apply God's word in our activities and witness to those around us. We also had great security in the Lord as well as two Special Operation Wing guards who were an encouragement to many as they visited about their travels and job experiences.

Dive Skills & Resort Training Center

We were able to complete the survey, blueprinting, and filing of all the papers needed to begin the first steps of this great project the Lord has provided. Special "Thank you" go to our first donors from Hope Evangelical Lutheran Church in Westcliffe, Colorado and the Children and staff of a VBS program held at Mission Evangelical Free Church during the month June in Wilton, North Dakota for raising the necessary funds for these critical first steps. Opening doors for the Creator's Critters Adventures Center have begun to open! PRAISE THE LORD for His faithful people! Please pray for this great and exciting opportunity the Lord has opened for our graduates and our Out of School Youth training for life. Work-churches & Government

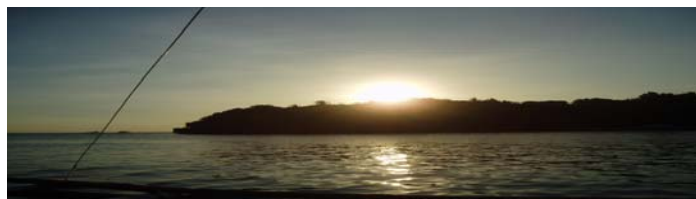

ing High School Seniors and who are in need of skills along side the local Departments is exciting as the Lord touches hearts.
